"ANUBHAV"

Since my induction in Labour Bureau to the post of Computer in the year 1978, was associated with the most important Scheme of the Bureau i.e. Consumer Price Index Numbers for Industrial Workers. I feel immensely privileged to be a part and parcel of the aforesaid scheme for working right from release of 1982, 2001 series and recently proposed new series with base year 2015-2016. It is a matter of coincidence and sheer luck that I was placed at the important key seats of the section in the various series as stated above and got a chance to work in All-India and Coordination Sections. It would not be out of place to mention that I could fulfil the commitment of the assigned job attached to my post from time to time because of the expert and able guidance I got from different diligent and well experienced officers.

I would further like to emphasize that besides my other routine job work, I was associated for up keeping of all old records pertaining to CPI-IW right from first Family Income and Expenditure Survey conducted by Labour Bureau in the year 1958-59 up to the latest proposed series of 2015-16. On the basis of my long and old experience, I would like to place on record that the old preserved records have proved very useful and guiding factor for improvising and smooth conduct of Family Income and Expenditure Surveys, conducted by the Labour Bureau for updating the flag scheme of CPI-IW from time to time. On the basis of my experience I would like to mention that a suitable and a reliable person is required to be deployed for up keeping of old valuable records which is an asset, with all time useful values to the Labour Bureau.
